Dinner. Dancing. Auction.

Wellness House for LIVING
with CANCER

You'll feel better inside.

Each year we welcome corporate and community supporters to the Wellness House Ball. This black-tie affair features cocktails, dinner, dancing; live, silent and wine auctions, as well as inspirational stories of how Wellness House directly impacts individuals affected by cancer. The event is an opportunity for people to come together for an evening of opulence and impact.

Who is the audience?

Leaders in all corporate sectors, including legal, healthcare, finance and manufacturing

High net-worth individuals from throughout the Chicago area

Advertising recognition to more than 25,000 in Chicagoland, and beyond

About Wellness House

In 1990, Wellness House started with a singular mission: to better the lives of people living with cancer and those close to them.

Since our founding 35 years ago, Wellness House has served more than 50,000 individuals affected by cancer. Contributions, including corporate sponsorships, enable us to provide more than 525 programs per month, helping people with cancer thrive and build lifelong connections. Whether attending a program in exercise & stress management, nutrition, support & counseling, information & education or child & family services, all participants are welcomed, encouraged and inspired by the spirit of generosity at Wellness House.

Last year, nearly 4,000 individuals made 46,000 visits to Wellness House—be it in person at our Hinsdale Home of Hope, online, or at a partner location. We provide approximately 25% of our programming online—enabling individuals in the midst of treatment or geographically distanced to continue psychosocial support.

We are also excited to grow our partnerships with trusted organizations, bringing Wellness House's evidence-based services to underserved communities.

Because of you and other generous donors this crucial programming is now and will always be free of charge and available to those in need.

Your impact

Corporate Sponsorships sustain the mission of Wellness House and enable us to offer programs at no cost, such as:

- Exercise
- Nutrition
- Stress Management
- Information & Education
- Support Groups & Counseling
- Child & Family Services
- Unique Boutique
